We are well aware of this. We have contact with a man in the neighborhood. He gave us a description of three possible suspects.

We will be providing this to the LAPD as soon as I can put it all together (tomorrow). **REDACTED - ONGOING INVEST.** immediately if he see's the suspects back at there dirty deeds. We got a call from Anar at 1807 Cahuenga. They got hit with a huge amount of gang graffiti as well. I sent Bob over to take a look and to view any video.
